

IXcellerate

MOSCOW ONE DATACENTRE
MOSCOW ONE ДАТА-ЦЕНТР

[IXcellerate](#) Moscow One Datacentre is happy to share with you the next IXpress issue.

We grow and move fast, winning new International and Russian customers and signing new partners!

On May 8-11 IXcellerate team attended one of the largest events in the industry, the annual [International Telecoms Week 2016](#) in Chicago. With its popularity growing year on year, it's clear to see how ITW has become such a central selling, meeting and networking hub for the telecommunications industry. Thank you for great meetings and sessions!
